- 1/2 Day PM Shoot: \$18.00 per shooter - Camp provides clay birds, shotguns & shells

For All Day Shoot: Make Reservations for BOTH an AM and PM Shoot

What is a Skeet Field?

Today's skeet field varies little from its 1920 beginnings. It has 8 shooting stations and 2 trap houses. As seen in the picture above, 7 of the stations are arranged in a half moon between the 2 trap houses, and 1 station is centered directly between them. The high house, on the left side of the field, throws its targets from a trap 10 feet above the ground. The target rises to a height of 15 feet by the time it travels to the center of the field. The low house target, on the right side, leaves the trap house just 3½ feet from the ground. It also rises to a height of 15 feet by the time it reaches the center of the field.

What is a Round of Skeet?

A round of skeet consists of 25 targets, with 17 shots as singles & 8 as doubles.
5 shooters maximum per round
Needed for 1 round = 1 box {25 Shells}
Two rounds = 2 boxes {50 Shells}
The average time to shoot 1 Round = 35/45 min.
Maximum # of shooters for 1 round = 5 or 15 shooters in approximately 3 hours.

When you Arrive at Camp

Upon arrival at Camp Gorton, park in the main lot next to the Headquarters Building.
Bring your Receipt and Roster of Youth and Adult Shooters WITH Birth Dates

What else you can bring to the Activity

A shooting vest &/or shell pouch. Your own ear and eye protection. Provided at camp if needed.

Make it a Weekend Unit Activity

Staying at camp is always an option. We have both cabins and tent sites available.
Contact the Scout Store for pricing and availability at 607-796-0699.

QUESTIONS: Contact Shooting Sports Committee Chair Jim Griffin
